EXPERIENCE

Graphic Designer & Video Editor (Freelance)

Designed and edited various digital assets, including social media graphics, promotional videos, and motion graphics.

Collaborated with clients to understand their vision and translate concepts into compelling visual content.

Managed multiple projects from initial concept to final delivery, ensuring quality and client satisfaction.

Digital Marketing Intern | Flickmatch

January 2025 - Current

Assisted the marketing team in developing and implementing digital strategies to enhance brand visibility and engagement.

Contributed to content creation and social media campaigns, gaining hands-on experience in a professional work environment.

PROJECTS

UnMess.in – Catering Website

- Independently designed and developed a 5-page responsive catering website.
- Managed the entire project lifecycle, from initial client communication and wireframing to coding, testing, and deployment.

The Blush Bureau – Weddings and Functions

- Designed and managed the end-to-end execution of bespoke weddings and special events.

Oversaw the entire event planning process, from the initial client consultation and concept design to vendor coordination, on-site management, and post-event follow-up.
